HANG SENGHONG

Full Stack Developer

PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience building modern, scalable, and high-performance web applications using Vue.js and Nuxt.js. Skilled in developing RESTful APIs and data-driven systems with .NET and SQL Server. Strong foundation in software quality assurance brings a detail-oriented approach to writing maintainable code, optimizing performance, and delivering reliable user-focused solutions. Experienced collaborating in Agile teams to build secure and efficient applications from frontend to backend.

EXPERIENCE

• FULL-STACK DEVELOPER

TECHBODIA CO., LTD | 07.2024-PRESENT

- Developed scalable web applications using Vue.js and Nuxt.js with responsive, user-friendly UI.
- Built and integrated RESTful APIs using .NET and SQL Server for data-driven features.
- Implemented authentication and role-based access control for secure user management.
- Developed key modules including reporting, user management, promotions, and payments.
- Optimized database queries and improved application performance.
- Integrated third-party APIs to enhance functionality and user experience.
- Managed deployments, troubleshoot production issues, and ensured system stability.
- Collaborated with cross-functional teams in Agile/Scrum environments.

• QA ENGINEER

TECHBODIA CO., LTD | 07.2023-07.2024

- Performed end-to-end testing of web applications to ensure functionality, usability, and performance.
- Created automated test scripts and strategies to minimize production bugs.
- Collaborated with developers to identify and resolve issues early, improving product quality.

• FLUTTER DEVELOPER

TECHNOVAGE SOLUTION | 01.2023-04.2023

- Implemented UX/UI and integrated REST APIs.
- Developed features for School Notify App, improving workflows.

• SOFTWARE TESTER

TECHNOVAGE SOLUTION | 04.2022-04.2023

- Executed test cases, logged bugs, and collaborated on fixes.
- Managed tasks and reports using Jira and Trello.

• WEB DEVELOPMENT INTERN

TSD COMPANY CO., LTD | 06.2021 — 10.2021

- Enhance backend and frontend for a POS system.
- Provided client support and training on the system.
