Education

NORTON UNIVERSITY
BS. *Software Development*
2019-2023

Soft Skills

- Agile/Scrum Collaboration
- Cross-functional Communication
- Requirement Analysis
- Problem Solving

Technical Skills

Frontend

- JavaScript, TypeScript
- Vue.js, Nuxt.js
- React, Next.js

Backend

- Node.js, Express.js
- .NET

Database

- SQL Server
- PostgreSQL
- Firebase
- Supabase

Tools

- Git
- GraphQL
- REST APIs
- AI-assisted development

Languages

Khmer — Native
English — Working Proficiency

HANG SENGHONG

Full Stack Developer

PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience building modern, scalable, and high-performance web applications using Vue.js and Nuxt.js. Skilled in developing RESTful APIs and data-driven systems with .NET and SQL Server. Strong foundation in software quality assurance brings a detail-oriented approach to writing maintainable code, optimizing performance, and delivering reliable user-focused solutions. Experienced collaborating in Agile teams to build secure and efficient applications from frontend to backend.

EXPERIENCE

FULL-STACK DEVELOPER

TECHBODIA CO., LTD | *07.2024-PRESENT*

- Developed scalable web applications using Vue.js and Nuxt.js with responsive, user-friendly interfaces.
- Built and maintained RESTful APIs using .NET and SQL Server for business-critical features.
- Designed and optimized database queries, stored procedures, and schemas to improve system performance.
- Implemented authentication and role-based access control (RBAC) for secure user management.
- Developed modules including reporting, user management, promotions, payments, and transaction processing.
- Integrated third-party APIs and payment gateway services to support business operations.
- Troubleshot and resolved production issues across frontend, backend, database, and external integrations.
- Performed root cause analysis and implemented solutions to prevent recurring issues.
- Managed deployments and release activities across multiple environments.
- Participated in system design discussions and contributed to technical solution planning.
- Collaborated with stakeholders, QA teams, and developers to ensure successful feature delivery and high-quality releases.
- Worked in Agile/Scrum teams to deliver features, enhancements, and continuous improvements

QA ENGINEER

TECHBODIA CO., LTD | 07.2023-07.2024

- Performed end-to-end, regression, and integration testing for web applications.
- Created and executed test cases, test plans, and automated test scripts.
- Conducted API and database testing to validate system functionality and data integrity.
- Identified, documented, and tracked defects using Jira.
- Collaborated with developers and stakeholders to improve product quality.
- Participated in release validation and production verification activities.

SOFTWARE TESTER

TECHNOVAGE SOLUTION | 04.2022-04.2023

- Executed functional, regression, and integration testing for web and mobile applications.
- Created and executed test cases, ensuring application quality and business requirements were met.
- Identified, documented, and tracked defects, collaborating with developers to ensure timely resolution.
- Conducted API testing and verified database records to validate system functionality and data integrity.
- Prepared test reports and quality assurance documentation.
- Managed testing activities and project tracking using Jira and Trello.
- Participated in release validation and production verification activities.

WEB DEVELOPMENT INTERN

TSD COMPANY CO., LTD | 06.2021 — 10.2021

- Assisted in developing and maintaining frontend and backend features for a POS system.
- Supported database operations and application enhancements based on business requirements.
- Participated in testing, debugging, and issue resolution activities.
- Provided client support, system training, and technical assistance to end users.
